

NIAMH FOR TREASURER (W000)

2023/24

WHY I WOULD
BE GOOD FOR
TREASURER.....

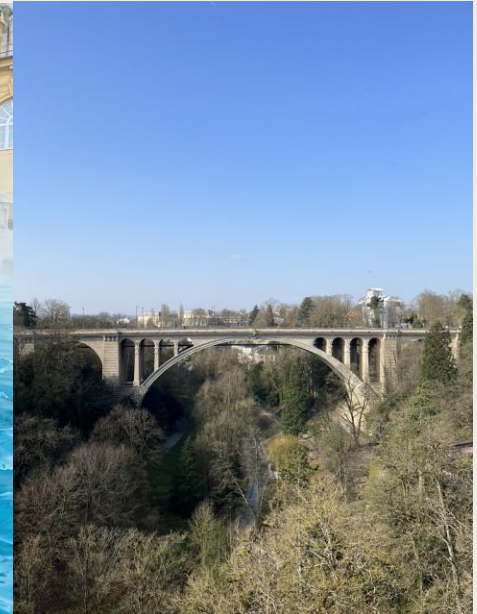

I am REALLY
good at managing
my money

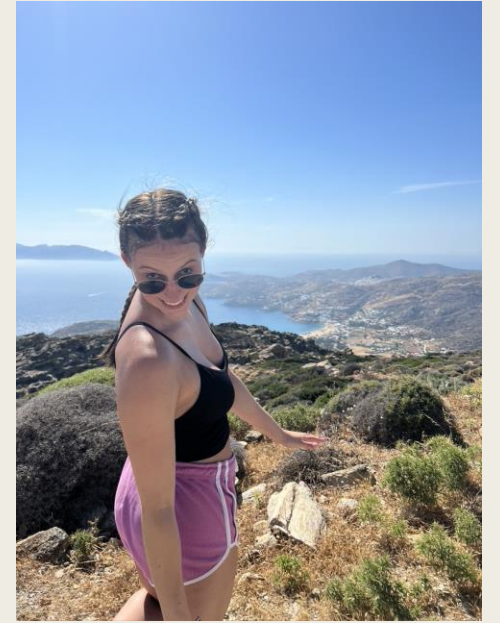

FOR EXAMPLE.....

LOOK HOW MANY HOLIDAYS I WENT ON LAST YEAR

And some more.....

NOW FOR THE
SERIOUS STUFF.....

About me.....

That's if you need an introduction, apparently I'm old tramp now :(

I am 21 (which is not very old)

Jokes I'm actually 25, have 3 kids and a mortgage

I really really really really like trampolines

I also really really really like money

I live in the tramphouse which is the best house ever

I like going to bed early

Choccy milk 4ever

I am funny sometimes

Why I would be good as Treasurer

I'm in my final year of college now so will have lots of time next year

My degree is in Sports and Exercise Management, and I have completed two modules specifically on financial management for sport (and got an A+)

I am SUPER organised (don't let Emer steal my thunder)

I am really good at time management, I am ALWAYS EARLY FOR THINGS BECAUSE I HATE BEING LATE, which is important for payment deadlines!!!!

I've had two years experience on committee so understand the roles and responsibilities that come with this position

I'm going into my 5th year in the club so think I know you all well enough to be able to harass you to make payments on time xxxxxx

What I would do as Treasurer....

- Continue to use the payment system made by previous treasurers to make payments as straightforward and convenient to members as possible
- Send PLENTY of reminders of due dates for payments so no one has to pay late fees
- Be organized and stay up to date with competition entries to ensure we receive early bird prices
- Work with the head coach and ass head to hopefully get MORE NEW EQUIPMENT with grant money (I <3 ultimates)
- Ensure the grant is completed properly so that we have the best possible chance at getting as much funding as possible!!!!
- Make sure we do not go broke by careful budgeting, staying on top of all transactions, and limiting any unnecessary spending of money that doesn't need to be spent

Why does UC DTC need money and what would I spend it on????

Important stuff

- NEW MATS
- NEW END DECKS
- NEW TRAMPOLINES
- A DMT 🙈🙈🙈
- Subsidizing costs for club members e.g., competition fees, coaching courses, new kit etc.

Other stuff

- Tutus for the ISTO display 2024
- Alcohol
- Pizza (specifically gluten free pizza because that's expensive)
- Party buses
- Choccy milk for after training
- Funding personal paramedics for Kate

THAT'S ALL
FOR NOW.....

Please vote for me, love from hutch xoxo
