

COMPETITIONS OFFICER

Aoife Lally

ABOUT ME

- I am studying general nursing
- I started trampoline in 2019
- The rumor is that I changed my whole degree from sports science to nursing just to college hop to UCD for the better club
- I started gymnastics at age 6 and did it till I was 18, I've coached artistic gymnastics since I was 16 (gymnastics has been my life)
- Not many people know that I love baking and decorating cakes. (next level cookie medals could be made for inhouse)
- I might seem quiet, but I work really hard and I'm a perfectionist with most things I do

EXPERIENCE

I've helped **organize and run competitions** in my own gymnastics club

I've been to way too many gymnastics competitions and have seen **good & bad** ways of organizing them

I've been to every competition since I joined trampoline (except ISTO this year- boo being sick 🙄)

I was the **health and safety officer** for DCU trampoline in 2019 and the **secretary** in 2020 until I decided to come to UCD

WHY ME

Competitions are one of the best things about being in the club so I'd really like to be able to run them

I'm organised, love lists and spread sheets.

I'm going to be taking the first semester off so I'll have loads of time to put into being on committee

Cramming is one of my biggest fears, so there's no chance of me not submitting entries for competitions on time.

(my assignments need to be submitted at least 2 days before deadline)

SOME THINGS I'D DO AS COMPETITIONS OFFICER

Every club member would get a stolen wet floor sign

- I think its important to have as many people as possible signing up for **inhouse**.
They let freshers try competitions in a familiar environment and a smaller crowd & competitions can be where you really get to make friends
- I want to make sure everyone feels **included** at competitions, especially when away from UCD
I will design a system/form for people to submit preferences for accommodation, some people love big hostel rooms and running off no sleep while others prefer sleep
- Have **routines printed** and easy to access at all trainings so everyone knows them before competition and feel prepared

THANK YOU

Please vote for me!!!

I would love to be on committee and give back to the club

How I'd feel if
you don't vote
for me
